LLSIL-5/7/10

WIA Youth Income guidelines use the higher figure of either the HHS Federal Poverty Guidleline or 70% pf the LLSIL. The above chart combines both figures using the higher figure for WIA youth eligiblity determination.

Families over 6

Figure to be used when determining 70% LLSIL for families larger than 6 person, an amount equal to the difference between the five and six person family income levels is added to the six-person family incomel evel for each additional person in the family. The INC column indicates the amount to add.
